ABOUT

Aspiring software developer proficient in JavaScript with a history of working with data in a scientific environment. A life-long learner with a curious mind for learning new skills and am excited to join an Agile team to make contributions. The professional lab background provides invaluable experience in understanding the client's expectations and delivering accurate results.

SKILLS

Front-end: JavaScript ES6, HTML5, CSS3, React.js.

Back-end: Node.js, Express.js, Knex.js, PostgreSQL.

Tools: Bootstrap, Mocha, Chai, Jest, Git, GitHub, Heroku, NPM, Visual Studio Code.

EXPERIENCE

Thinkful Online
Software Engineer Immersion Program 03/2022 – 08/2022

- Learned industry best practices and software development standards with a focus on JavaScript, HTML5, CSS3, Node.js, and React.
- Developed and deployed applications while learning new languages and frameworks.
 - [Movie Database Application](#) | [GitHub](#)
 - Built the back end of a movie website allowing any user to search for their favorite movies.
 - Used CRUD methods for reviews, and view theaters and movies that are showing.
 - Applied router and controller functions to retrieve a user's specific requests.
 - Technology: Node.js, Express, Knex, PostgreSQL and Heroku. Progress tracked with Git.
 - [Flashcards as Study Tool Application](#) |
 - Built an application allows users to create, update, and delete decks and cards of the deck.
 - Defined the states, routes, and URLs over multiple components.
 - Technology: React, JavaScript, HTML and CSS using bootstrap. Version control with Git.
 - [Encryption/Decryption Application](#) |
 - Built an encode/decode application capable of parsing and translating secret messages.
 - Created utilizing the test-driven development approach.
 - Technology: JavaScript ES6, Node.js, Mocha and Chai. Versions were tracked with Git.

Eurofins Donor & Product Testing Centennial, CO
Immunogenetics Lab Technologist 2 10/2018 – 05/2022

- Maintained the TAT under 3 hours for 10 STAT cases each month.
- Learned and applied excel VBA to reduce the manual data handling steps for the next processes.
- Skills: data entry, LIMS, clean room techniques, immunogenetics, commercial research.

EDUCATION

Thinkful Remote
Certificate, Software Engineer Immersion Expected 08/2022
Metropolitan State University of Denver Denver, CO
Bachelor of Science in Biochemistry 05/2018
